

Prince Albert Forest Management Area Public Engagement and Information Session

You are invited to participate in a public engagement meeting on the following topics:

- Information on Sakâw Askiy Management Inc. and its shareholders
- The draft 2014 - 2019 Sakâw Askiy Operating Plan for harvest and reforestation operations.
- An update on the 20 year Forest Management Planning process.

All groups or individuals interested in the forest management planning process are invited to attend. Industry and government foresters will be on hand to make presentations and answer questions.

These meetings will be your opportunity to be informed about what is taking place on the Forest Management Area and to provide input into future activities while they are in the planning stage.

The sessions will start with presentations on the harvest and reforestation plans followed by a question and answer session. An open house will then follow with opportunities to look at maps and ask questions about specific areas. Meetings will be held in the following communities:
